“Our postdocs, alongside our postgraduate students, embody our future and our world-class scholarly ambition, and they deserve the ambition on our part to match it.

They are, and will be, successful but we must also want them to think of Cambridge as the place that changed their lives, and helped and supported them in all aspects at this critical time in their careers.

In achieving that, we empower them to ensure the continued international standing of the University.”

Prof. Sir Leszek Borysiewicz
Vice-Chancellor 2010-2017
